Our e-shop

- Orders up to 2000 pcs
- Good lead time
- Wide range of products

ABOUT US

Motto: PACKAGING CO-CREATES PRODUCT

Polipack was founded in 1992. We own modern facilities equipped with machines from recognized global manufacturers. We process plastic in the following technologies: injection moulding (IM), injection stretch blow moulding (ISBM) and extrusion blow moulding (EBM).

We specialize in the production of high quality plastic packaging: PP, PET and PE.

Our packagings are applied in the following sectors:

Cosmetics · Drugs and dietary supplements · Tobacco goods · Food products

- 100% qualified supplier base,
- Suppliers are audited and subject to BRC PM evaluation system,
- We provide 100% traceability of direct materials used in our production.

We produce top quality packaging according to the highest standards proved by the following certificates:

- Quality Assurance Certificate ISO 9001:2015,
- Environmental Management Certificate ISO 14001:2015,
- ISO Certificate 15378:2017 Primary packaging materials for medicine products. Particular requirements for the application of ISO 9001:2015, with reference to Good Manufacturing Practice (GMP),
- BRC Certificate - Global Standard for Packaging Materials Issue 6,
- Certificate of the National Medicines Institute,
- Ecocert.

ISO

We hold the ISO 14001:2015
Environmental Management
certificate.

We heat our premises with
renewable energy from the
ground or with heat recovered
from cooling our production
equipment, compressors and
ventilation.

We use drinking water from the
water system, using the e-spring
treatment system.

We reuse up to 100% of eligible PP
and PET waste without any loss of
material quality.

90% of our documents are
circulated in electronic versions.

We segregate our waste and use a
closed process water circulation
system.
